High peak pole tents provide an elegant appearance. The sloped peaks, smooth curves and modern profile add that extra touch to any party or event. The interiors can easily be decorated for weddings, corporate events and many other special occasions.

The high peak design of the pinnacle stands out among other standard canopy tents and allows maximum use under the tent top by eliminating the need for a center pole. This tent will turn any normal party into a special event.

Our classic frame tents provide maximum interior space by eliminating the need for interior poles and look very attractive. They are perfect for all occasions

** Prices include standard sidewalls and lawn installation. Gravel or asphalt installation subject to a 10% fee.
